Dear Honey

I receive your letter honey
about the twenty dollar honey
They have change about the
furlough and I won't know
till the end of the month
honey I have also invested
your money in some candy
and cigarette honey I am
selling them to the boys and
at the end of the month I
will have between 70 to 90
dollar with my pay honey
so if you want to come
down there, you can stay
at the guest house for
three day honey. I will
take you about three day
to get down here honey

And by that time I will be able
to have some for you darling
Honey the day I wrote you
that was the day I made
Coral honey Honey I love you
like no other man can love
his woman more than I love
you darling you are always
first in my heart as long as
I have you no matter where
I am I always be thinking about
you baby For as you said in
your letter we love each other
to much to let anyone come
between us honey Honey I
will be thinking of the time
when you tell me in your
next letter what you are
going to do honey Honey I would
like very much to put my arms
around you and hug you and
kiss you that would be a time

3

for me honey for I think we
will be here for a time and
if you don't like it around
here you can always go back
honey till I am able to come
to you my dear but while
you are down here I might
get a furlough and we can
go back together honey then
the trip won't be so lonesome
to you darling for I will hold
you in my arms all the
way my baby and won't I
enjoy that part of it
honey thinking I think of no
other woman but you I
see them but none of them
come up to you in my eye
darling for you always come
first to me honey

Honey yes I have written my
mother and you won't have
to be scared to as her if I
have written to her now
Honey this is all for the
present But I will close
to the best wife in the
world to me with all
the kisses in the world

From your

husband
